3. I have further been informed of the possible risks and complications involved with surgery, drugs, and anesthesia. Such complications include pain, swelling infection and discoloration. Numbness of the lip, tongue, chin, cheek or teeth may occur. The exact duration may not be determinable and may be irreversible. In addition, I am aware that if nothing is done an inability to place implants at a later date due to changes in oral or medical conditions could exist.
5. My doctor has explained that there is no method to predict accurately the gum and the bone healing capabilities in each patient following the placement of the implant.
6. It has been explained that in some instances implants fail and must be removed. I am aware that there is a risk that the implant surgery may fail, which might require further corrective surgery or the removal of the implant with possible corrective surgery associated with the removal.
7. I understand that excessive smoking, alcohol, or blood sugar may effect gum healing and may limit the success of the implant. I agree to follow my doctor's home care instructions. I agree to report to my doctor for regular examinations as instructed.

If an unforeseen condition arise in the course of treatment which calls for the performance of procedures in addition to or different from now contemplated; I further authorize and direct my doctor, associate or assistant, to do whatever they deem necessary and advisable under the circumstances, including the decision not to proceed with the implant procedure.
